INDEX.

A

Abdomen, removal of foreign body from the, 152; suppurating hydatid of the, treated during pregnancy, 186; puncture of the, for tympanites, 1059
Abdominal aneurysm, case of, 331
——— and pelvic surgery, statistics of, 547
——— section, gastric symptoms relieved by, 330
——— surgery in Italy, 1201
——— veins, varicosity of, 536

ABERDEEN CORRESPONDENCE.—Health of the city, 151, 1115, 1277—Death of Prof. Brazier, 151—Cottage hospital for Forres, ib.—The University, 507, 762, 1115—The proper interpretation of the Compulsory Vaccination Act, 507—The Royal Infirmary, 556, 762—The Convalescent Hospital, 556—Extension of Marischal College, 657—Proposed degrees in science, 657, 1115—The measles epidemic, 657, 762—Students and infectious diseases, 762—The University Court, 1277—The Volunteer Staff Corps, ib.—Health of the city, ib.

Aberdeen, sanitary improvements in, 307
——— Royal Infirmary, 371
——— University Medical Society, 153; Ambulance Corps, 406
Abortion, criminal, 36; the charge of, at Liège, 750
Abraham, Mr. P. S., on leprosy, 1246; on the Cavendish lecture, 1286
Acetanilide (antifebrin) as an external application, 681; toxic symptoms produced by a small dose of, 1157
Acid salicyl, 257
Acids and alkalies, 797
Acne, new treatment of, 934
Aconite root, 396, 459
Acromegalia, 188
Actæa racemosa in diseases of nervous origin, 476
Actinomycosis hominis, 328, 341, 1034
Adam, Dr. J., on general paralysis of the insane in general hospitals, 47, 148
Adams, Mr. W., on congenital dislocation of the hip-joint, 222
Addison's disease, 334, 750
Adonis in heart disease, 596
Adulteration, fines for, 493
African horse sickness, reports on, 499
——— races, the liquor traffic among, 947
After-care Association, 1218
Agriculture, the committee for, 437
Air, expired, toxic properties of, 452
Air-passages, foreign bodies in the, 116, 195, 247
Aitken, Sir W., memorial to, 239; presentation to, 294
Aix-les-Bains, the value of its course in rheumatoid arthritis, gout, rheumatism, and other diseases, 869
Alarm clinical thermometer, 206
Albanese, Professor E., obituary notice of, 1013
Albert medal and the profession, the, 441
Albumen in urine, estimation of, 189
Albuminuria, influence of arterial tension on, 46; in phthisis and Alpine winter climates, 147; hereditary, 936; and yellow fever, 237
Alcohol, debate on, at the Pathological Society, 49, 119, 178, 244; in erysipelas, 241; does the use of it shorten life? 745; nitroglycerine as a substitute for, in cases of emergency, 1238
Alcoholic paralysis, the premonitory symptoms of, 1125
——— paraplegia, 198
Alcoholism, teaching on, in schools, 237; chronic, retinal changes in, 653; the discussion on, at the Pathological Society, 49
Alderson, Dr., case of typhlitis, 331
Alimentary canal and liver, chronic diseases of the, 665
Allbutt, Dr. C., on insanity of children as distinguished from idiocy and mental weakness, 581
——— v. General Medical Council, the case of, 290
Allden, Mr. G. H., on acute lead-poisoning due to home-made wine, 728
Allen, Dr. F. F., death of, 39, 1218
———, Mr. T. W. J., on primary triple amputation at left elbow, left foot, and right leg, 730
Allingham, Mr. H., on inguinal colotomy, 124, 148; on removal from the knee-joint of a dislocated internal semilunar cartilage, 225; on excision of knee by vertical incision, 429; on trephining for cerebral hæmorrhage and for traumatic epilepsy, 787; on fracture of the spine, treated by trephining, 790, 1080
Allwright, Dr. F. W., on the history and use of anæsthetics in midwifery, 983, 1259; a new method of treating dipsomania, 1068, 1172
Alpine winter climates for phthisis, 8
Althaus, Dr. J., how does suspension act in locomotor ataxy? 760; on an improved apparatus for suspension, 1236
Amblyopia, hysterical, 724
Ambulance classes, Wellington, the, 54; at working men's clubs, 311
——— car for the removal of injured horses, 1334
——— department, Volunteer Medical Association, 771
——— lectures, 358, 455, 970, 1068
——— stretchers, 538, 718
Ambulatory automatism, 807
American Medical Association, 1260
——— water-supplies, 435
Amputation, changes in vessels after, 536; primary triple, at left elbow, left foot, and right leg, 730
Anæmia, pernicious, cases of, 75, 520; a complicated and fatal case of, 327
Anæsthesia produced by the administration of mixtures of nitrous oxide and oxygen, 832
Anæsthetic, bromide of ethyl as an, 848
——— apnœa, and its correction, 319
Anæsthetics, the history and use of, in midwifery, 983, 1259
Analysts, a State examination for, 1117

ANALYTICAL RECORDS.—Gluten bread, 26—Gluten whole-meal bread, ib.—Liquor antisepticus, ib.—Jeyes' (creolin) perfect purifier disinfectant, ib.—Seabury's compound sulphur candle, ib.—Sanitas soaps, 687—Saponat, a natural vegetable soap, ib.—Soluble essence of lemon, 688—Dahl's sterilised liquid milk, ib.—Hue's brown meal invalid and nursery rusks, ib.—Teetgen's cocoa extract, ib.—Middlemas's Scotch biscuits, ib.—Grant's Scotch oatflour, ib.—Sozoiodol (Trommsdorff), an odourless substitute for iodoform, 836—Hintz's cocoa, ib.—Denaeyer's liquid peptone of meat and liquid peptonate of iron (sterilised), 833—Malcolm Watson's invalid port, ib.—The sovereign knife polish, ib.—Oppenheimer's cream of malt with cod-liver oil and hypophosphites, ib.—"Santha" digestive tea, ib.—Bread made with sea water, ib.—St. Hubert "Imperial" Australian wine, 1194—Champagne Gonin, ib.—Camisole's champagne in syphons, ib.—Unguentum lanolini, ib.—Lanoline anhydrous and lanoline ordinary (Liebreich), ib.—Franz Josef Hungarian aperient water, 1195—Armour's meat extract, ib.—Peptonised milk, ib.—Peptonised cocoa and milk, ib.—Old Irish reindeer whisky, ib.

Anatomical investigation, 1085
——— Society of Great Britain and Ireland, 1015
Anchylostomiasis in Queensland, case of, 750
Ancoats, the sanitary state of, 1202
Anderson, Dr. M. S., presentation to, 510
Anderson, Mr. A. R., on rupture of the popliteal artery, 739, 929
———, Mr. W., on cases of renal exploration for suspected calculus, with subsequent nephrectomy in one, 775; on supra-pubic cystotomy for removal of vesical tumour, 988
Anderson's College Medical School, 1159
Andrew, Dr. J., on relations between disease and regulating nervous centres, 1175
Anencephalous fœtus, nerve-supply of the musculus sternalis in an, 535
Aneurysm, the treatment of, 1001; a new treatment of, 489; and epilepsy, 451; of aorta, 126, 685, 840, 1184; subclavian, 631; pressing on optic commissure, 633; embolic, 683; of ventricular septum of heart, 791; thoracic, 842; abdominal, treated by Tufnell's method and iodide of potassium, recovery, 930; of calf, diffuse, 1083; of the arch, perforating into the vena cava superior, 1233; or abscess? 1311
Animals, experimental diabetes in, 404; tetanus in, 557
——— Institute, the, 849
Ankle, compound dislocation of, 430
Annandale, Mr. T., on removal by operation of naso-pharyngeal tumours, 162; on gastric symptoms relieved by abdominal section, 330; on excision of bone in order to promote the healing of certain wounds or ulcers, or to relieve contraction resulting in connexion with this process, 330, 519; on femoral hernia in which a vermiform appendix was found in the sac, excision of sac and appendix, 627
Anodynes, the use of, 749
Anthrax, 850; in horsehair factories, 440; and infection, 656
Antifebrin, how to distinguish from phenacetin, 396
Antipyrin, 257; in puerperal fever, 346; eruption from, 596; can pneumonia be cut short by? 730, 843; in midwifery, 1174; v. quinine, 397, 613
Antiseptic midwifery at Liège, 698
———, saccharin as an, 861
Antiseptics, comparative value of chemical substances as, 144; a Book for Nurses (review), 385
Anti-vaccination guardians, 235
——— movement, the, 804, 858
Antrum, suppuration of the, secondary to caries of a temporary canine tooth, 324; of Highmore, suppuration of, 739
Aorta, aneurysm of, 126, 658, 840; thrombosis of, 1033; aneurysm of the ascending part of the arch of the, rupture into the superior vena cava, case of, 1184; intra-uterine compression of the, in post-partum hæmorrhage, 1259
Aortic insufficiency, slight, 135
——— valve, rupture of, 126
Apostoli's method, cases of, 529
Apothecaries' Society of London, 53
Appointments, 55, *passim*
Apprenticeship clause of the Dentists Act, the, 1318
Archiv für Dermatologie und Syphilis (review), 1194
——— für Physiologie (review), 583
Archives de Médecine Expérimentale et d'Anatomie Pathologique (review), 335
Areca nut and arecoline, 406
Arkle, Dr., on mercurial tremors, 631
Arlidge, Dr. J. T., on occupations and trades in relation to public health, 515, 615, 667, 773
Arm, entire, with part of clavicle, removal of, 189; arrested development of, 840
Armagh, the railway accident at, 1278
Armour's meat extract, 1195
Army, recruiting for the, 589; estimates, 649, 1269; medical service, 135, 283, 648, 700, 1195
——— medical officers, 1105; dinner of, 1257
——— medical school, Netley, 294

Arnold, Mr. C. A., parturition with complications, 323
Arrow poison, 748
Arseniate of strychnine, hypodermic injections of, 596
Arsenical poisoning, beneficial effects following, 441; chronic peripheral neuritis due to, 1237
Arterial murmurs, 482, 979, 1024
——— tension, the influence of, on albuminuria, 46
——— trunks indicating archaic or unusual courses of nerve trunks in the limbs, 535
Artesian well at Bishopsgate-street, an, 864
Arthritis, chronic, in a child, 1083
Arthropathy after hemiplegia, 1137
Artisans and Labourers' Dwellings (Torrens) Acts, 738
Asclepiad, the (review), 484, 1307
Ascites, new experiments on, 52
Ashton, Mr. J. H., on a case of rupture of the heart, 75
Ashton-in-Makerfield, health of, 501
Asiatic cholera, an inquiry into the causation of, 416, 468
Asphyxia and the Poplar strangulation case, 301
Assistant medical officers of health and registered public health diploma holders, 716
Assistants, unqualified, 494
Association of Members of the Royal College of Surgeons, 1317
Asthma, an unusual cause of, 342; and emphysema, the respiration chair in, 1259
Astragalus, excision of the, in club-foot, 526, 705, 811
Astringents, the action of, 1163
Asylum superintendents, pensions for, 85
Ataxia, hereditary, or Friedreich's disease, 1192
Auld, Dr. A. G., on certain effects of tobacco-smoking, 783
Auricle, left, pressure of, on left bronchus, 937
Australia, medical practice in, 311, 513; materia medica of, 699; Pasteurism and the rabbit pest in, 1319
Austria, homœopaths in, 663
Austrian army, medical students in the, 1318
——— Crown Prince, death of the, 239
Authors and clinical observers, aids to, 192
Auto-laryngeal operation, 578
Auvard, Dr. A., Travaux d'Obstétrique (review), 335
Aveling, Dr. J. H., on transfusion and infusion, 1020

B

Baby-farming, 1047, 1102
Bacillus tetani, 1120
——— tuberculosis, 849
Bacteriology and hygiene, 86
Badcock, Dr. L. C., on cow-pox and small-pox, 603
———, Mr. J., obituary notice of, 1117
Bailey, Mr. J. B., Modern Methuselahs (review), 431
Balfour, Mr. J. C., on "actæa racemosa" in diseases of nervous origin, 476
Ball, Dr. J. B., on hysterical motor affections of vocal cords, 373

MEDICAL SOCIETIES.

ANATOMICAL SOCIETY.—Reading of papers and exhibition of specimens, 383—Supply of subjects; The intranarial epiglottis, 581—Position of the human epiglottis; Cutaneous folds, 1191
CAMBRIDGE MEDICAL SOCIETY.—The modern treatment of acute intestinal obstruction, 685
CLINICAL SOCIETY.—Laryngeal cancer, 122—President's address; Nerve grafting; Removal of dislocated semilunar cartilage; Compound dislocation of elbow-joint, 223—Narcolepsy; Hystero-epilepsy; Raynaud's disease, 328—Temperature in tubercular disease; Impaction of calculi in ureters; Chronic enlargement with distension of the gastrocnemio-semi-membranous bursa, 427—Tubercular lupus of larynx, trachea, and bronchi; Erectile tumour of male breast; Molluscum fibrosum; Quinine rash, 531—Diffuse lipoma; Congenital emaciation; Paralysis of tongue, soft palate, and vocal cord; Mercurial tremors; Cured subclavian aneurysm; Lateral curvature of spine; Nephro-lithotomy, 631—Trephining for cerebral hæmorrhage and for traumatic epilepsy; Unilateral Graves' disease; Xanthelasma, 787—Osteo-arthritis of hands; Ankylosis of lower jaw; Hæmiatrophy of tongue; Traumatic cephalhæmatoma; Sarcoma of tonsil; Resection of bones of forearm; Chyluria; Extirpation of larynx; Middle ear disease; Leontiasis ossea, 886—Bilateral ankylosis of lower jaw treated by excision; Supra-pubic prostatectomy; Supra-pubic cystotomy for removal of vesical tumour; Intussusception of small intestine, 987—Chronic arthritis in a child; Diffuse aneurysm of calf; New treatment of transverse fracture of patella; Tendon grafting; Compound fracture of leg treated by wiring and resection of bone, 1083
EPIDEMIOLOGICAL SOCIETY.—Scarlatina in its relation to cow's milk at Wimbledon and Merton; Sanitary administration of dairy farms, 20—The prevention of phthisis, 174—A review of our knowledge of the relation of Micro-organisms to diseases in man, 788—Beri-beri, 939—Leprosy, 1246
GLASGOW SOUTHERN MEDICAL SOCIETY.—Historical sketch of the society; Medical characters in fiction, 50
HARVEIAN SOCIETY.—Non-strangulated hernia, 19—Local eczemas; Recent advances in the treatment of obstruction of the nose, 382—Some arterial murmurs; Diphtheria, with patches in the perineal region, 482—Unwholesome conditions in dwelling-houses, 534—Some sources of error in sounding for stone; Precancerous conditions of the tongue, 633—Inguinal v. lumbar colotomy, with record of thirty-seven consecutive cases, 880—Hysteria; Hystericine hemiplegia, 939—Treatment of scrofulous glands, 1035—Enlargement of thyroid; Keloid; Arthropathy after hemiplegia; Testicle in perineum; Foreign body in stomach; Excision and erosion of the knee in children; Radical cure of inguinal hernia, 1137
HUNTERIAN SOCIETY.—Exhibition of specimens, 173—Peripheral neuritis; Skin diseases; Hydatid of liver; Paralysis of recurrent laryngeal nerve; Subastragaloid dislocation of both feet, 634—Laryngeal phthisis; Tubercular ulceration of ileum; Cardiac aneurysm; Stricture of colon; Gangrene of omentum; Cirrhosis of the liver, 791—Plastic operation for contraction of cicatrix; Amputation through knee-joint; Injury to lower end of humerus; Rickets; Antiseptic power of salol, 890
IPSWICH CLINICAL SOCIETY.—Cases illustrative of spinal disease, 892—Strumous arthritis of knee-joint; Spinal injury, 1138
ISLINGTON MEDICAL SOCIETY.—Nature and causes of epidemic diarrhœa, 1247
LEEDS & WEST RIDING MEDICO-CHIRURGICAL SOCIETY.—The pathological affinities of lead and alcohol, 125
LEICESTER MEDICAL SOCIETY.—President's address; Surgery of the parotid gland; Facial paralysis from disease of temporal bone; Malignant disease of stomach and liver, 29—Strophanthus; Foreign body in umbilicus, 739
LIVERPOOL MEDICAL INSTITUTION.—Local incidence of typhoid fever, 686
MANCHESTER CLINICAL SOCIETY.—Compound dislocation of ankle; Enlarged spleen; Hydronephrotic kidney; Hydatid of liver; Disseminated sclerosis; Constitutional syphilis; Massage, 430—Treatment of the various forms of rheumatism, 1086
MEDICAL SOCIETY OF LONDON.—Inguinal colotomy; Distribution of rickets, acute and subacute rheumatism, chorea, cancer, and urinary calculus in the British Islands, 124—Congenital malformations; Friedreich's disease; Congenital syphilitic onychia; Partial excision of elbow; Ophthalmoplegia externa; Pseudo-hypertrophic paralysis; External dislocation of patella; Hypertrichosis, 225—Excision of bone to promote healing of soft parts; Ligature of lingual artery; Gastric symptoms relieved by abdominal section, 330—Epilepsy with olfactory aura; Surgical interference in acute intestinal obstruction, 381—Macrocephalus and lipomatosis neurotica; Sporadic cretinism; Infantile paralysis; Vicious union of metacarpal bone; Wound of median nerve; Subcutaneous rheumatic nodes; Congenital cyst over anterior fontanelle; Ulceration of mouth; Excision of knee by vertical incision, 428—Annual general meeting; Treatment of confirmed catheter life; Traumatic cerebral abscess, 481—Presidential remarks; Primary cancer of pancreas; Cystoscopy, 533—Median harelip; Auto-laryngeal operation; Facial disfigurement; Multiple exostoses; Solid facial œdema; Raynaud's disease; Graves' disease; Muscular atrophy, with tremors; Hallux rigidus, 578—Excision of scaphoid bone for flat-foot, 684—Tropical diarhœa; Syphilitic fever resembling tertian ague, 734—Treatment of chronic uræmia by morphine; Trephining for spinal injury, 790—Lateral spinal curvature; Arrested development of arm; Aortic aneurysm; Contracting phthisical cavities; Bromide rash; Adult pseudo-hypertrophic paralysis; Labial epithelioma, 840—Paroxysmal hæmoglobinuria; The pneumatic cabinet, 888
MEDICAL SUPERINTENDENTS' SOCIETY.—Traumatic hemi-epilepsy; Hysterical spinal disease, 792
MEDICO-PSYCHOLOGICAL ASSOCIATION.—Insanity of children, as distinguished from

idiocy and mental weakness; Ten years' experiences of the Turkish bath in the treatment of mental disorders, 581

MIDLAND MEDICAL SOCIETY.—Ankylosis of hip; Carcinoma of pancreas; Pseudo-hypertrophic paralysis; Removal of shaft of fibula, 127—Addison's disease; Naticform skull; Horny growths from the skin; Atrophy of finger-nails, 333—Paralysis; Idiopathic tetanus; Varicosity of abdominal veins; Rheumatic nodules; Changes in vessels after amputation, 535; Jacksonian epilepsy; Paroxysmal tremor, 738—Congenital absence of fibulæ; Hæmophilia; Sporadic cretinism; Hemiplegia from inherited syphilis, 891—Cervical caries treated by a collar splint; Phthisis; Hereditary ataxia, or Friedreich's disease, 1192

NORTHUMBERLAND AND DURHAM MEDICAL SOCIETY.—Removal of the thyroid gland; Thoracic aneurysm; Exhibition of specimens, 842

NOTTINGHAM MEDICO-CHIRURGICAL SOCIETY. Two fatal cases of acute chorea with insanity, 21—Hypertrophical conditions of the cervix uteri; Peripheral neuritis, 127—Rupture of popliteal artery; Multiple sarcomata of bone; Suppuration of antrum of Highmore; Wounding with poisoned arrow, 739—Raynaud's disease; Symblepharon of left eye; Symmetrical gangrene of face; Overcrowding, 1037—Syphilis in relation to marriage, 1247

OBSTETRICAL SOCIETY. — Methods of craniotomy, 78—A case of Porro's operation, 332—President's address; Relation between chlorosis and menstruation, 579—Cæsarean section, 736—Inversion of uterus; Acute non-septic pulmonary disorders, 989—Diagnosis of placenta prævia by palpation of abdomen; Anterior serous perimetritis simulating ovarian sarcoma, 1189

OPHTHALMOLOGICAL SOCIETY. — Exceptional forms of choroiditis; Primary retinal phlebitis, 276—Colour blindness and colour perception; Aneurysm pressing on optic commissure; Retinal changes in chronic alcoholism, 633—Cyst of iris; Retino-choroiditis following concussion; Orbital tumour; Lacrymal adenoma; Glaucoma after scleral puncture, 938—Apparent movement of objects associated with giddiness; Traumatic keratalgia; Penetrating wound of globe; Light sense in optic neuritis; Subconjunctival cysticercus, 1246

PATHOLOGICAL SOCIETY. — Annual general meeting; Conclusion of debate on chronic alcoholism, 119—President's address; Tumours in trees; Congenital cerebral syphilis; Congenital dislocation of hip; Cutaneous horns, 221—Carcinoma of bronchus; Cerebral tumour; Tubercular teno-synovitis; Pemphigus; Epithelioma of urethra; Hydronephrosis; Cancer of ileo-cæcal valve; Cancer of large intestine, 274—Meningeal tuberculosis; Mucous cysts of mouth; Fatty tumour of scrotum; "Crateriform ulcer" of face; Lympho-sarcoma of testes; Ossifying sarcoma of femur; Dermoid cyst of lumbo-sacral region; Congenital abnormalities of ileum, 379—Pseudo-hypertrophic paralysis; Perforating ulcer of foot; Congenital growth of larynx; Cranial osteoporosis; Cysts of genital gland and urachus; Syphilitic tracheitis, 480—Complete rupture of bronchus; Melanotic sarcoma of liver; Lymphoma of stomach and intestine; Talipes; Fibromatous tumour of Scarpa's space; Caseating gland in trachea, 577—Embolic aneurysm; Cylindroma of skin; Osseous disease in goats, 683—Diffuse calcification of liver; Bilharzia; Gastric cancer; Hepatic cirrhosis; Osteo-arthritis; Unilateral interstitial nephritis, 786—Cysticercus in muscle; Cancer of Fallopian tube; Hereditary albuminuria; Aneurysmal varix of splenic artery and vein; Ulcerative colitis; Pressure of left auricle on left bronchus; Vesiculation of vesical mucous membrane; Lumbar hernia, 936—Thrombosis of aorta; Ectopion of cæcum; Tubercle of breast; Actinomycosis hominis; Metacarpal osteoma; Multiple symmetrical osteomata in a dog; Cystine calculus; Psorospermiæ of ureters, 1033

ROYAL ACADEMY OF MEDICINE IN IRELAND.—Epithelioma in the horse; Tubercular ulceration of the intestine; Diseased heart; Congenital malformation in a mummy; Ulceration of ileum, 175—Chromidrosis; Typhus and enteric fever, 333—Ovarian tumour; Vaginal Cast; Prolapsus uteri; An œdematous fœtus, 383—Relations of costal arches to the sternum; Arterial trunks indicating archaic or unusual courses of nerve trunks in the limbs; Nerve-supply of the sternalis in an anencephalus fœtus, 534—Epithelioma of tongue; Aneurysm of sinus of Valsalva; Endothelioma of the liver; Intra-thoracic sarcoma; Rhinolith, 581—The treatment of tuberculosis in and near joints; Stricture of the urethra; Isolation in infectious fevers, 685—The treatment of tubercular peritonitis by abdominal section and flushing out without drainage; Suture of patella; Teneriffe as a health resort; Myxœdema; Senile chorea; Paraplegia in a diver, 792—Sloughing fibroid; Laparotomy for a ruptured tubal gestation, 1036—Deformed fœtus; Horseshoe kidney; Anatomical investigation; Obturator hernia, 1085—Pernicious anæmia; Choroidal sarcoma; Tumour of pons; Gastric ulcer, 1191—Removal of the thyroid gland; Arthrectomy or erasion of the knee-joint, 1305

ROYAL MEDICAL AND CHIRURGICAL SOCIETY.—Chorea and its relation to rheumatism, 77—Back-knee, knock-knee, bow-knee, and other deformities resulting from deficiency of growth at the epiphysial lines; Laryngeal tuberculosis simulating abductor paralysis, 172—Actinomycosis hominis, 328—Colectomy for malignant disease, 426—Annual general meeting; President's address, 479—Observation on intestinal surgery; Pemphigus vegetans, 530—The clinical significance of colourless stools, 630—Causation and pathology of lateral spinal curvature; Abdominal nephrectomy, 733—Dermoid cyst of chest; Subdural division of posterior roots of spinal nerves, 839—Plastic operations on neck and arms for deformities after burns; Gastro-enterostomy, 986—Presence of free uric acid in urine as a test of the existence of the gouty state; Influence of phosphate of soda on excretion of uric acid; The resuscitation of the apparently drowned, 1135—Laparotomy for gangrene of vermiform appendix; Tracheotomy for foreign body in bronchus, 1244

SHEFFIELD MEDICO-CHIRURGICAL SOCIETY.—Miners' nystagmus; Rupture of aortic valve; Aneurysm of aorta; Perichondritis; Morbid anatomy of the scarlatinal kidney, 126—Retained placenta; Cancer of peritoneum; Oophorectomy, 334—Gut passed per anum; Distension of bladder; Carcinoma of stomach and liver; Gout; Tennis leg; Paraplegia; Aneurysm of aorta, 685—Raynaud's disease; Chronic lead poisoning; Morbid specimens, 841—Enlarged spleen; Scarlatinal albuminuria, 1037

SOCIETY OF MEDICAL OFFICERS OF HEALTH.—Compulsory notification of infectious disease, 278—The Artisans and Labourers' Dwellings (Torrens') Acts; New disinfecting apparatus, 738—Meat-supply, 940

WEST KENT MEDICO-CHIRURGICAL SOCIETY.—Ulcerative endocarditis and valvular disease of the heart, 383

WEST LONDON MEDICO-CHIRURGICAL SOCIETY. Abdominal aneurysm; Typhlitis; Dislocation of hip-joint; Congenital deformity; Herniotomy; Nephrolithomy, 331—Empyema treated by resection of part of a rib; Chronic suppurative discharges from external and middle ear, 737—Perforation of gastric ulcer; Subcutaneous rheumatic nodules; Floating kidney, 1036

YORKSHIRE ASSOCIATION OF MEDICAL OFFICERS OF HEALTH. — Death registration; Diphtheria, 740

Medical art in French fiction, the, 1337
—— Society of London, 4·1, 950
—— students, an Edinburgh view of the training of, 692; shorthand for, 1208, 1209, 1275

MEDICAL TRIALS. — Allbutt *v.* the General Council of Medical Education and Registration of the United Kingdom and another, 228, 239—Jennings *v.* Snow, 295, 343—Bray *v.* the Justices of Lancaster, 296—Steele *v.* Savory, 454—Atkinson *v.* Varleys, 1005—Roberts *v.* Davies, 1006—Tibbits *v.* Macmillan and Co., 1110—Davies *v.* Great Western Railway Provident Society, ib.

Medical witnesses, fees to, 1005
Medicated unguents, instrument for the introduction of, 336
—— wines, the use of, 545
Medicine, the future of, 50; music in, 156; as a factor in colonisation, 852; the unity of, 1273
—— stamp-tax, the, 391, 998
Medico-Psychological Association, 53, 455, 1117
Membrana tympani, ruptured from boxing the ears, 574
Meneghini, Giuseppe, obituary notice of, 306
Meningeal hæmorrhage due to injury without fracture of the skull, in which recovery followed trephining and removal of the clot, 117
—— tuberculosis, 379

Midland Counties Home for Chronic and Incurable Diseases, 254
Midlands, medical officers of health in the, 103
Midwifery, a rare case of, 16; the history and use of anæsthetics in, 983, 1241
—— forceps, 83, 228, 301, 354, 449
Midwives' midwifery, 971
Military medical instruction in Italy, 851
Milk, control of the sale of, 91; and scarlatina, 20; and typhoid fever, 35, 106; scarlatina at Macclesfield, 344, 1252; bacteria in, 509; sterilised liquid, 811
—— infection, legislation for the prevention of, 899
Milnrow, sewerage works at, 405
Milroy lectures on occupations and trades in relation to public health, 515, 615, 773
Miner's nystagmus, 126

MIRROR OF HOSPITAL PRACTICE, BRITISH AND FOREIGN.

ADDENBROOKE'S HOSPITAL, CAMBRIDGE.—Intussusception of seven weeks' duration treated by abdominal section; recovery, 171

ALEXANDRA HOSPITAL FOR SICK CHILDREN, BRIGHTON.—Case of laryngeal growths; tracheotomy; thryotomy and removal of growths; recovery, 426

ANCOATS HOSPITAL, MANCHESTER.—Two cases of spina bifida, 884

CALCUTTA MEDICAL COLLEGE HOSPITAL.—Fibroma of pharynx; operation, 576—Fibromyxoma of soft palate and right fauces; removal by external incision and enucleation; recovery, 732—Three cases of naso-pharyngeal polypus removed after slitting the nostril, 1032

CHARING-CROSS HOSPITAL. — Subcranial and subdural hæmorrhage after injury; localisation of effusion; trephining; death; necropsy, 1187

CHESTER GENERAL INFIRMARY.—A case of typhoid fever, complicated by cellulitis, hæmorrhage, and œdema of the glottis; tracheotomy; recovery, 682

COUNTY ANTRIM INFIRMARY, LISBURN. — Supra-pubic lithotomy in a child, 18

CROMER COTTAGE HOSPITAL. — Cases illustrating the treatment of uterine and peri-uterine disease by Apostoli's method, 529

CROYDON GENERAL HOSPITAL. — Removal of calculus having a foreign body as nucleus by supra-pubic cystotomy, 1243

EVELINA HOSPITAL FOR CHILDREN.—Acute necrosis of posterior arch of atlas, with abscess; escape of cerebro-spinal fluid; meningitis and septicæmia; necropsy, 883

GUY'S HOSPITAL. — Vaginal lithotomy in a patient six months and a half pregnant; immediate suture of wound; recovery; normal delivery at full time, 628—Considerable hypertrophy of the middle lobe of the prostate; excision; death, 836

HALSTEAD COTTAGE HOSPITAL.—Unusual effect of a full subcutaneous dose of cocaine, 273

HOSPITAL FOR SICK CHILDREN, GREAT ORMOND-STREET.—Transplantation of testis from perineum, 272—Excision of a large nævus, ib.—A fifth case of intussusception successfully treated by inflation, 170

HULL ROYAL INFIRMARY.—Dislocation of the wrist backwards, 985

KING'S COLLEGE HOSPITAL.—Acute nephritis, associated with suppurative phlebitis of the liver, with gall-stones, and with ulceration of the large intestines, 325
LEEDS GENERAL INFIRMARY.—Two cases of suppurative synovitis, with complete recovery of the joint, 76
LINCOLN COUNTY HOSPITAL.—Two cases of acute chorea terminating fatally, 935
LONDON HOSPITAL.—Removal of rectus abdominis for sarcoma; sarcoma of pterygoid plate; cirsoid tumour of hand; a dermoid cyst over the occipital bone, 681—Obturator dislocation at hip-joint, with shortening of limb, 1031
MANCHESTER ROYAL INFIRMARY.—Sarcoma of bladder; incontinence of urine; perineal and supra-pubic cystotomy; eighteen months without relapse, 378
MARGATE COTTAGE HOSPITAL.—Strangulated inguinal hernia; reduction *en bloc*; operation, 785
MIDDLESEX HOSPITAL. — Extreme rachitic deformity in a pregnant female; Porro's operation; recovery of mother and child, 16—Four cases of hydatid cysts of the liver, 477, 528—Suicide, apparently begun by an attempt to cut off the head from behind; several stabs in front of the chest; cut throat; death on seventh day, 1242
MILTON LUNATIC ASYLUM.—Case of Raynaud's disease following acute mania, 838
MILTON UNION INFECTIOUS HOSPITAL, SITTINGBOURNE.—A case of typhoid fever, 630
NAGASAKI HOSPITAL, JAPAN. — Epithelioma of the vagina; removal; rapid recovery, 1304
NEWCASTLE-ON-TYNE ROYAL INFIRMARY. — Acute necrosis of the patella; removal of the patella antiseptically; recovery with a useful joint, 529
NORTH-EASTERN HOSPITAL FOR CHILDREN.—Six cases of empyema treated by resection of rib and the injection of iodoform emulsion; healing of all the cases within sixteen days, 326
PADDINGTON INFIRMARY.—Hysteria minor and "ovarian phenomena" in a male subject, 934
ROTHERHAM HOSPITAL AND DISPENSARY.—Case of syphilitic paraplegia; death; necropsy, 1135
RUGBY HOSPITAL.—A complicated and fatal case of pernicious anæmia; necropsy, 327
ST. BARTHOLOMEW'S HOSPITAL.—Large and hard calculus, in a boy aged thirteen, removed by lithotapaxy, 1134
ST. GEORGE'S HOSPITAL.—Foreign body impacted in the ventricle of the larynx; removed by tracheotomy; recovery, 219—Compound fracture of the patella; suture of fragments; old syphilis, 376 — Sarcoma of clavicle; removal of tumour; death from septicæmia, 575—A case of intussusception; treatment by injection of water into the rectum; recovery; recurrence of the intussusception four months later; similar treatment; recovery, 1303
ST. MARY'S HOSPITAL.—A case of pernicious anæmia, with recovery, 75
ST. THOMAS'S HOSPITAL.—Meningeal hæmorrhage due to injury, without fracture of skull; trephining and removal of clot; recovery, 117—Conical bullet wound passing across the skull from one temple to the other; recovery, but with loss of vision of the right eye, 424—Two cases in which large growths were removed from Scarpa's triangle; recovery, 784—Tubercle of the breast; operation; recovery, 1082
SAMARITAN HOSPITAL FOR WOMEN, BELFAST.—Six consecutive laparotomies for cystic disease of the uterine appendages, 118
SEAMEN'S HOSPITAL, GREENWICH.—Old fracture of the patella; suture of fragments; recovery, 377—Pneumothorax and hydropneumothorax following fracture of the ribs, 479—Syphilitic pachymeningitis of cervical enlargement of cord following injury; recovery, 984—Periphlebitic gumma following injury; removal of blood-clot from femoral vein, ib.
SOUTH DEVON AND EAST CORNWALL HOSPITAL.—Three cases of diabetes insipidus in one family, 1188
UNIVERSITY COLLEGE HOSPITAL.—Two cases of acute intestinal obstruction secondary to peritonitis, 730
VICTORIA HOSPITAL FOR CHILDREN.—General subcutaneous emphysema following aspiration of the chest, 220—Sequel to the case of general subcutaneous emphysema following aspiration of the chest, 273
VICTORIA HOSPITAL, BURNLEY.—A case of abdominal tumour; spontaneous cure, 1304
WEST HERTS INFIRMARY.—Severe injury to the skull; recovery, 1083

Mitral valves, large growths in, 740
Moleschott on pre-professional education, 141
Molluscum fibrosum, 532
Money, Dr. A., on the dilatation of the pupil in locomotor ataxy, 170; on columnar epithelioma of the ileo-cæcal valve, 275; sporadic cretinism, 428; on macrocephalus and lipomatosis neurotica, ib.; two cases of sclerema neonatorum successfully treated by mercurial inunction, 526; on bilious attacks, 1187
Moore, Dr. M., on hospital organisation, 958
——, Dr. N., on melanotic sarcoma of liver, 577
Morales, Dr. M. G., death of, 39
Morgan, Dr. J. E., on cases of erythro-melalgia, 10
——, Mr. J. H., on traumatic cerebral abscess, 482; on case of compound comminuted fracture of the skull, 1181
Morphine, new antidote for, 497; in chronic uræmia, 790; sale of, in Berlin, 804
Morris, Mr. H., on treatment of hydatid cysts of the liver, 900
——, Mr. M., on local eczemas, 382
——, Surgeon W. A., on beri-beri, 939
Mortimer, Mr. J. D., is general paralysis of the insane necessarily an anomalous and hopeless disease? 524
Mortuaries, 1065
Moscow, arrest of a medical officer of health in, 864; two new hospitals in, 1233
Motor centres, the, 803
Mott, Dr. F. W., on case of pernicious anæmia, 520; on embolic aneurysm, 683
Mouth, mucous cysts of, 379; ulceration of, cured by opium, 429
Mules, Dr., on cases of primary retinal phlebitis, 277
Multiple pregnancies, remarkable tendency to, 392
Mumby, Dr. B. H., on infection and free libraries, 654
Mummy, congenital malformation in a, 175
Mumps, a second attack of, in which an interval of six weeks elapsed between the affection of the two sides, 15
Muñoz, Don T., death of, 903
Munro, Mr. A. C., the results of ten years of compulsory notification of infectious diseases in Jarrow, 1298
Murphy, Mr. S., on sanitary administration of dairy farms, 20; on unwholesome conditions in dwelling-houses, 534
Murray, Mr. R. W., on cancrum oris, 959
Murrell, Dr. W., Masso-therapeutics, or Massage as a Mode of Treatment (review), 430
Muscle, the colouring matter of, 588; cysticercus in, 936
Muscular atrophy with tremors, 579
——— tremor, 947
Mushrooms, edible, toxic action of, 440
Musical overstrain, 1314
Music in medicine, 156
Myelitis, peri-ependymal, 269
Myles, Mr., on suture of patella, 792
Myxœdema, 796, 1083

N

Nævi, treatment of, by electrolysis, 73
Nævus, excision of a large, 272
Nails, eczema of the, 590
Nainby Mr. E., the Royal College of Physicians, 349
Nairn, town and county hospital, 560
Napier, Dr. A. D. L., on rigors, 354
Naples, sanitary works in, 1260; the resanitation of, 1329
Narcolepsy, 328
Nasal diphtheria in childhood, 442
——— vowels, acoustic researches on, 902
Naso-pharyngeal fibromata, 286
——— tumours, on the, removal of, by operation, 162
——— polypus, removed after slitting the nostril, cases of, 1032
Nasse, Professor W., death of, 229, 253
Natiform skull, 334
National Hospital for the Paralysed and Epileptic, 713, 1100
——— Medical Aid Company, Limited, Slingsby, the uses and methods of the, 410
Naval medical supplemental fund, 102
——— medical service, 946
Navy, health of the, 143; estimates of the, 650
Neale, Dr. H., on two rare cases of paralysis, 535; idiopathic tetanus, 535
——, Dr. R., on typhoid fever from the milk of cows after drinking impure water, 204
Necrosis, acute, of the posterior arch of the atlas, with abscess, escape of cerebro-spinal fluid, meningitis and septicæmia, 883; and gangrene produced by carbolic acid, 138
Neech, Mr. J. T., the Oswestry Cottage Hospital, 771
Negligent operating, charge of, 234
Nephrectomy, abdominal, 734
Nephritis, acute, associated with suppurative phlebitis of the liver, with gall-stones, and with ulceration of the large intestines, 325; unilateral interstitial, 787
Nephro-lithotomy, 332, 632
Nerve-grafting, 224
Nervous centres, on relations between disease and, 1175

Philadelphia, Medico-Chirurgical College of, 1284
Phillips, Mr. G. M., presentation to, 1290
——, Dr. J., on acute non-septic pulmonary disorders as complications of the puerperium, 989
——, Dr. S., on arterial murmurs, 482, 979, 1024; on syphilitic fever resembling tertian ague, 735
Phonograph and medicine, the, 898
Photography, instantaneous animal locomotion and, 645
Phthisis, peril incurred in Alpine winter climates of renal complications in, 8; the prevention of, 174, 230; electricity in, 304; the tannin treatment of, 493; hydrofluoric treatment of, 496; the arrest of, 694; Bergeon's treatment of, 739; arterial changes in, 749; contraction of double cavities in advanced, 840; mortality in England, decline of, 954; Prof. Kremianski's treatment of, 1102; the tonsils in, 1260; the prophylaxis of, 1313
Physician, as a moral teacher, the, 866; as Naturalist, the (review), 1306
Physiology, 346; International Congress of, 142
Picric acid applications in erysipelas, 702
Picton, Mr. A., on compulsory vaccination, 638
Pike, Mr. J. B., on the defence of the medical profession, 654
Piles, hazeline for the relief of, 396
Pilocarpine, in threatening mania, 1030; in jaundice, 1157
Pitman, Sir Henry, 948; the Royal College of Physicians, 349
Pitt, Dr. G. N., on the discussion on chronic alcoholism at the Pathological Society, 49; on pemphigus malignans, 275; on sessile lymphadenoid growths in the mucous membrane of the stomach, 577; on stricture of colon, secondary to carcinoma of the stomach, 791; on thrombosis of aorta, 1023
Pitts, Mr. B., on displacement of the left patella, 226; on congenital cyst over anterior fontanelle, 429; on median hare-lip, 578
Placenta, retained, 334, 902; prævia, the recurrence of, in five consecutive pregnancies, 678; diagnosis of, by palpation of abdomen, 1189
Plimmer, Mr. H. G., on peppermint water, 58
Plumbers, registered, 45, 154, 201, 356
Plumstead, measles at, 751, 801
Plymouth Eye Infirmary, 153
Pneumatic cabinet, the, 889
Pneumonia, can it be cut short by antipyrin? 730; epidemic at Middlesbrough, 742; the transmission of, in pregnancy, 812; followed by unusual sequelæ, case of, 984; liquor acetatis ammoniæ *v.* antipyrin in, 1020; croupous, the etiology of, 376, 420, 474, 866; acute, two cases (brothers) of, complicated by albuminuria and retention of urine, 1202
Pneumothorax and hydro-pneumothorax following fracture of the ribs, 479
Podophyllum emodi, 241
Politics and medicine, 1155
Poisoned arrow, wounding with, 739
Poisoning from a local application used for tooth extraction, 614; suspected, the duties of medical practitioners in cases of, 844
Polymyositis, subacute progressive, 901
Pons, tumour of, case of, 1079, 1191
Poole, health of, 552
Poor, housing of the, 511, 892, 1015
Poore, Dr. G. V., on London, ancient and modern, from a medical point of view, 211, 265, 316, 366, 413, 463
Poor-law medical men and stimulants, 1208
—— Medical Officers' Association, 145, 296, 991
Pope, Dr. H. C., on eczema caused by iodoform, 681; on malignant disease of stomach and liver, 21; on strophanthus, 739
——, Mr. F. M., on phenol in enteric fever, 728
Pope, health of the, 1202
Poplar, case of strangulation at, 185; Hospital for Accidents, 1118
Popliteal artery, rupture of the, 739; successful transfusion of the, 929
Porritt, Mr. N., on the pathological affinities of lead and alcohol, 125, 164; on shorthand for medical students, 1327
Porro's operation, case of, 332; recovery of mother and child, 16
Port, Dr., on paralysis of recurrent laryngeal nerve, 635
Porter, Sir G., Bart., 1318
Portsmouth, insanitary barracks at, 1118
Post-epileptic tremor, 1104
Post-mortem sweating, 1027, 1173
Post-partum hæmorrhage, turpentine in, 312
Post-vaccinal erysipelas, 285
Potter, Mr. J. H., on antipyrin *v.* quinine, 613
Powell, Mr. E., on two fatal cases of acute

chorea with insanity, 21; Godlee, and Taylor, Messrs., on actinomycosis hominis, 328
Power, Mr. D., on ossifying sarcoma of femur, 380; on talipes, 578
——, Mr. H., the Hunterian oration, 363
Pregnancies, multiple, remarkable tendency to, 392
Pregnancy, tympanites in the sixth month of, 883
Premature labour, induction of, 643
Prepuce, adherent, cough and convulsions due to, 835
Prescriptions, illegible, 90

PRESENTATIONS.—To Mr. M. Corner, 41; to Mr. E. S. O'Grady, 57; to Dr. Hussey, 168; to Colonel North, ib.; to Dr. Durno, 153; to Mr. T. Odell, ib.; to Dr. F. C. Servaes, 201; to Mr. H. D. Buss, 241; to Sir W. Aitken, 294; to Mr. G. P. Field, 358; to Dr. Clibborn, 359; to Dr. Hill, ib.; to Dr. Jeffreys, ib.; to Dr. P. E. Hill, ib.; to Dr. J. W. Shortridge, 406; to Mr. W. J. Merlin, ib.; to Dr. R. J. Purdon, 510; to Dr. J. B. Ridley, ib.; to Dr. M. S. Anderson, ib.; to Dr. J. Buchanan, ib.; to Mr. H. Smith, 547; to Mr. Field, 560; to Professor Loreta, 853; to Dr. Esler, 864; to Dr. V. C. Clarke, ib.; to Dr. A. Wilson, ib.; to Dr. T. W. Shortridge, ib.; to Mr. H. B. Lingham, ib.; to Mr. Beardsley, 967; to Mr. H. G. Dyer, 1145; to Mr. J. S. Battams, ib.; to Dr. H. Malet, ib.; to Dr. Goyder, ib.; to Mr. G. M. Phillips, 1290; to Mr. J. J. de Zouche Marshall, ib.

Prevôt, Dr. O., death of, 701
Princess Alice Memorial Hospital, 307, 609
Prison surgeons, the salaries of, 561
Prisons, philanthropic work in, 157
Prizes at medical schools, distribution of, 1332
Proctotomy for malignant disease, a successful case of, 625
Procursive epilepsy, 949
Profession, the excessive growth of the, 689
Professional courtesy, 819
—— remuneration, public accidents and, 288
Prolapsus uteri, 383, 1049
Prostate, considerable hypertrophy of the middle lobe of the, excision, death, 836; the anatomy of, 902
Prostatectomy, supra-pubic, 987
Protest, a, 98
Provident arrangements, doubtful, 771
—— dispensaries, the medical work and pay of, 563; shabby remuneration of the medical officers of, 1205
—— medical clubs, the low rates of, 1058
—— Surgical Appliance Society, 1016
Pryce, Mr. T. D., on peripheral neuritis, 127
Pseudo-hypertrophic paralysis, 226, 480; in a woman, 127; occurring in four brothers, 1081
Psychology on the stage, 361
Pterygoid plate, removal of a sarcoma of the, through the mouth, 682
Public accidents and professional remuneration, 288
—— buildings, ventilation of, 33
—— health, occupations and trades in relation to, 615
—— Health Bills, 492
—— Health Medical Society, 202, 1218, 1335
—— health question, 919
—— houses, inquests in, 150; overwork in, 948
Puerperal eclampsia, a curious complication of, unconsciousness for eighty-four hours; recovery, 783
—— fever, thymol in, 346
Puerperium, on acute non-septic pulmonary disorders as complications of the, 989
Pullin, Dr. T. H. S., the climate of Sidmouth, 156
Pulmonary syphilis, 546
Pulse, the slow, and its pathogeny, 699
Purdon, Dr. R. J., presentation to, 510
Purshianine, 42
Pustule, malignant, indications for treatment of, 931
Pye, Mr. W., Elementary Bandaging and Surgical Dressing (review), 794
Pye-Smith, Dr., on perichondritis, 126
——, Mr. R. J., on acute intestinal obstruction caused by a fish-fin lodging above a Meckle's diverticulum, 472
Pyorrhœa alveolaris, treatment of, 493

Q

Quack medicine, 1104
Qualified general practitioners, degrees for, 1121, 1173, 1239
Quarantine, 1167, 1271; regulations, 36
Quarterly Journal of Microscopical Science (review), 687, 1138, 1249
Queely, Mr. E. St. G., on gangrenous inflammation of labia, case of noma, 74
Queen Charlotte's Lying-in Hospital, Royal visit to, 202
Queen, unveiling a statue of the, at the Examination Hall, 1106
—— Victoria's Nurses' Institute, Scottish branch, 960, 1168
Queen's College, Cork, 1284
—— Drawing-rooms, dress for the, 345
—— Hospital, Birmingham, 1051
Quettah, the unhealthiness of, 53
Quinine rash, 533

R

Rabies, 1102; deaths from, 557; the prevention of, 1150
Rachilysis, a method of treating the severer forms of lateral curvature, 831
Rachitic deformity, extreme, in a pregnant female, Porro's operation, recovery of mother and child, 16
Radcliffe, Dr. C. B., death of, 1259; obituary of, 1331
Railton, Dr., on disseminated sclerosis, 430
Railway accidents in 1888, 991
—— officials and their hours of labour, 142, 1218
Railways, overwork on, 392, 808
Rain water, storage of, 903
Rake, Dr. B., on Raynaud's disease, 301; on three cases of sudden death, 781
Ralfe and Godlee, Messrs., on impaction of calculi in ureters, 428
Ramsay, Mr. A. M., Note-book for the Examination of Eye Diseases (review), 24
Rare diseases, clinical uses of, 1059
Raven, Mr. T. F., on pleuritic effusion of nine years' duration treated by thoracentesis, 1187
Rawlings, Mr. B. B., on the alleged extravagance of hospitals, 48
Raynaud's disease, 301, 329, 579, 841, 1037; following acute mania, case of, 838, 1302
Reckitt, Mr. J. D., on milk and typhoid fever, 106
Rectal carcinoma, sigmoid colotomy as a method of treatment in, 6
Rectum, ballooning of the, in cases of stricture of the bowel, the diagnostic value of, 149
Rectus abdominis, removal of, for sarcoma, 681
Redcar, means of isolation at, 590
Redcross prize by the Empress Augusta, 55
Rees, Dr. G. O., obituary notice of, 1282
Reflex neurosis due to eye strain, 801
Reflexes, the diagnostic view of, 1234
Registrar-General, the, and the acceptance of statements by unqualified practitioners, 971
Registration, of medical officers, 906; of nurses, 1336
Relationship between chemical structure and physiological action, the, 1289
Remarkable case, a, 334
Remedies, new, the rush after, 800
Renal exploration for calculus, with subsequent nephrectomy in one, cases of, 775
—— function, the influence of the nervous system upon the, 1001
—— surgery, cases illustrating, 418, 466
Renton, Dr. J. C., on two cases of excision of the astragalus in club-foot, 526, 811
Retina, anæmic conditions in the, 1050
Retinal phlebitis, primary, 277
Retino-choroiditis following concussion, 938
Retrenchment, 867
